I am writing to Testify that I be support the bill LD2013

. Regarding PFAs and support for the farmers . There should be a benefit package to hair farmers in health care and cleanup costs and damages due to PFAs. These farms are the backbone of our communiities and have put their lives and souls into the farms . Their health care costs and cleanup costs and losses incurred due to PFAs contamination should be paid for by the state .

This I do testify
