LD 2013

Members of the committee:

You ususally hear from me relating to The Help Fix ME program. (Thank you for that.)
However, I also care about farming in Maine! I support LD 2013 100%. Please do whatever
you can to help these farmers. One possibility that I haven't heard bantered about would be
to have a fund to pay for greenhouses to replace farming on ruined land. Also, buy the ruined
land from the farmers and turn it into open space with trails. Have a referendum to fund this.
This contamination is such a nightmare that we need to think outside the box to help our
farmers.

Thank you.
