

David Kibbe
Camden
LD 2013

Dear Committee Members: I write to you in support of LD2013, as a resident of Camden, Maine, and someone devoted to Maine's agriculture, conservation, and forestry. The organic farming and dairy industry here needs your help in dealing with the crisis of Perflouroalkyl and Polyfluoroalkyl Substances contamination in our state. Please vote for this remedy. Thank you, David C. Kibbe MD
