

Nancy Nickerson
Portland
LD 294

I write to urge passage of this bill, LD 294, to allow for tribal representation on the board overseeing Baxter State Park (the Baxter State Park Authority). The park encompasses lands that the Wabanaki consider sacred, and for too long the Wabanaki have had no voice to speak on behalf of tribal interests. The opinions of the Wabanaki tribes should surely have a chance to be considered. In the interest of justice and fairness, please pass LD 294.
