LD 2091

Dear Legislators,

LD 2091 is a great step in the right direction. I already shop where I can purchase bulk items and put them in my own containers. Then I put them on my shelf at home... and my work is done. When they are empty I wash them and repeat. This is SO much easier than taking containers to be recycled or throwing them in the trash. It would be wonderful if we could do most of our shopping this way. Imagine the reduction in plastics this would allow. Please allow Maine businesses to use reusable containers!

Thank you,
