Rockport
LD 2091

Good morning Senator Ingwersen, Representative Pluecker, and members of the
Agriculture , Conservation and Forestry Committee,

I respectfully submit the following testimoney in support of LD 2091. It is essential,
long sighted and morally and ethically responsible to the environment of the Earth
that sustains us and the next and next and next generation that we take all actions
possible to not harm our environment. Please support this bill and make responsible
actions towards this end.

Sincerely, Kathleen Gass
