

Janet Drew  
York

I support this bill, but really expect so much better. Inmates need connections with family, lawyers, counselors.

Families of the inmate pay these costs because inmates have no money. The family is already traumatized by events & possibly a parent who is the one in jail. Phone & commissary prices are further abuse by a failed abusive system

Make more phone calls free. Control costs in your broken system without Abusing inmates and their increasingly unsupported and at-risk families.
