

Lisa Savage  
Solon

I am Lisa Savage from Solon. I recently retired after 25 years teaching in central Maine schools.

I have seen the adverse effect on students whose parents or other caregivers are incarcerated, often for minor offenses or simple poverty (inability to pay fines, for example). Any barrier to staying in touch with family by incarcerated persons is unacceptable. To allow a barrier with a profit motive is particularly ugly.

The Department of Corrections can do better. Please vote ought to pass on LD 1175.
