I am writing to offer my full support of LD 759. I have a 3 year old and a 4 year old and I cannot fathom the possibility of one of them coming across a gun that is not safely secured and harming themselves or someone else. Our duty as adults is to keep our children safe above all else. Securing weapons is something that should be done at a minimum. We are a hunting state, people own guns. But the only people who should have access to those guns are trained adults who know how to properly use them. This is our obligations as adults and this act should be passed without question.

Thank you. Shawn
