

Guy Hassele  
Oakland

Honorable Members of Committee,

I am writing to you today to ask that you oppose LD 759, which is unnecessary and overly broad.

This legislation seeks to address behavior that is already covered by Maine law. In addition, this law is overly broad and potentially entraps law-abiding Mainers who simply find a firearm and report it, without having left the firearm in the location it was found.

Law-abiding citizens have the right to use firearms to defend our homes, and our loves ones. This includes the ability to immediately access firearms, in the event of an unlawful intruder. One-size-fits-all storage laws do nothing but impair the ability of law-abiding citizens to protect our homes and our loves ones.

Please oppose LD 759.

Thanks .
