

Laura Lander  
Harpwell

Senator Deschambault, Representative Warren, and distinguished members of the Criminal Justice and Public Safety Committee, I am Laura Lander, and I live in Harpswell. It seems obvious to me that passing LD 759 is a no-brainer: it will save the lives of children and teens, and it in no way affects the rights and liberties of gun owners. Please take this one common sense step toward relieving Maine citizens of at least some horrific and preventable gun deaths. There is nothing to lose and there are lives to be saved. Thank you.
