I'm submitting this testimony in support of LD 1138 "An Act To Ensure the Right to Self-defense Exists outside the Home by Removing the Requirement To Retreat".

There is no right more fundamental than the right to life. The right of self-defense cannot be separated from that right.

When legitimately faced with the imminent threat of death or serious bodily injury, victims should be provided maximum protection under the law.

Please vote "Ought to Pass" on this bill.
