

Senator Deschambault, Representative Warren, and distinguished members of the Criminal Justice and Public Safety Committee:

I am writing in opposition to LD 1138.

Stand your Ground laws allow a person to kill another in a public area. These laws escalate violence and increase homicides. Guns are a not only a threat to my life but also to my equal freedoms to assemble, worship and to go about my daily life without fear of violence. Loosening of our gun laws to allow people to kill each other in public transforms the public sphere on which our democracy depends. If elected officials do not focus on the freedoms that gun regulation protects, guns will threaten those freedoms. I urge you to vote against this bill.

Thank you.
