

Francis Walker Jr
Bath

To: The Members of the Committee on Criminal Justice and Public Safety
Subj: LD 1454 - An Act To Prohibit Untraceable and Undetectable Firearms
My name is Francis Walker of Bath, ME and I have submitted this testimony in opposition of
LD 1454 - An Act To Prohibit Untraceable and Undetectable Firearms
Our country has been a leader in invention and our private citizens have contributed to the
success of our country in many wars. It was not the War Machine that invented the 1911 in 45
ACP but a gentleman named John Moses Browning. That sidearm is endearingly labelled the
firearm that won 2 world wars by our community. If this law were in place, he would not have
been able to make that contribution and we may not have defeated the Axis powers. Please
do not allow this bill to pass and hinder yankee ingenuity.

Thank you for your time,
