

Milissa LaLonde  
Bucksport

Senator Deschambault, Representative Warren and members of the Criminal Justice and Public Safety Committee,  
I respectfully request your consideration of LD 1668 to close Long Creek Development center. I support this bill and the effort to deal with Youth Crime within a community support network. A restorative approach with accountability and mentor support is less expensive and more successful than incarceration.  
Thank you for your consideration and good work.
