York

I support all efforts to stop punishing poverty. need to switch our punitive, traumatic Injustice system to system to a Restorative model, with support alternatives. Recently in NY, 2 cops bought a homeless shoplifter the socks he was trying to steal. Kudos for those cops. And SHAME on US, for accepting that kind act, as enough!

I expect our elected officials to use the Federal covid \$\$ coming to schools and every level of govt nationwide, for partnerships and support. Workers, mentors & teams to reimagine & restore families, homes & neighborhoods. To stop funding the failed criminal Injustice system, (and to stop adding new crimes to a system that already has TOO MANY reasons to cage people.)
