Honorable Senator Beebe-Center, Representative Salisbury, members of the Criminal Justice and Public Safety Committee and the Commission to Examine Re-establishing Parole, thank you for your time and service, and for allowing me to articulate my strong support for LD 178.

I would like to read the testimony of Leo Hylton, which has already been uploaded, and who I understand cannot read his own testimony due to the fact he is a resident of Maine State Prison.

Thank you for your consideration.
