

Ras Massod  
Lewiston Maine  
LD 178

My name is Dr Ras Massod and I reside in Lewiston Maine. I have been following the developments regarding the re-establishment of parole in Maine with great interest. The issue is particularly important to me as I have several friends and acquaintances who have been affected by the current lack of a parole system in Maine.

I fully support LD 178 and its efforts to re-establish a parole system in Maine. The re-establishment of parole would be a huge step forward in terms of criminal justice reform, providing a fairer and more equitable system for those who have been convicted of crimes.

Moreover, the establishment of a parole system would allow for the re-entry of individuals into society in a more systematic and structured way. This would help to reduce recidivism rates and provide individuals with a better chance of successfully reintegrating into their communities.

I want to express my gratitude to the lawmakers and advocates who have been working tirelessly to bring about this important change. Thank you for allowing me the opportunity to express my support for LD 178 and the re-establishment of parole in Maine.
