good morning!

i am richard shyduroff of the towns of brooks & rockport,  
and serve, wearing among other hats, as an ambulance driver for  
our rural, non-profit, brooks ambulance company; and as the  
ground vehicle maintenance supervisor; fund-raiser; and am also  
a registered nr-emt candidate ...

i am writing today to first apologise for not being present in zoom  
or f2f\_mode, and am therefore submitting this letter-of-TOTAL-POSITIVE-SUPPORT for your  
and your staff's research for and authoring of LD526 ...

i will return virtually after your legislative group's lunch break  
at 2pm to listen closely to others' testimonies and comments,  
and look forward to a net-YES! on this important motion and  
enactment benefitting ems workers across the entire state of maine ...

hastily, but sincerely,

~ r

richard shyduroff, brooks ambulance, call-sign 432  
driver, ground vehicle maintenance supervisor, and  
fund-raiser & advisor for networking among private donors;  
other hats include affiliate instructor at m.i.t.'s edgerton center;  
regular member of the waldo county amateur radio association;  
and when possible student in training seminars at the waldo  
county emergency management agency (ema); co-founder &  
co-director of the m.i.t. entrepreneurs club since 1988 (not the  
sloan school versions), thus i recognise a worthwhile and  
timely not-for-profit start-up & going concern when involved;  
and other activities too numerous to call out here.
