LD 168

I strongly oppose LD 168, as it is YET AGAIN another bill that is determined to turn average, law abiding citizens into criminals simply for loaning or transferring property. If my neighbor needs to borrow my rifle, I shouldn't need to find and pay an agent to transfer my property to him so he can protect his livestock. This law has REPEATEDLY been rejected by Maine's citizens, and I AGAIN reject it. Maine is one of the safest states in the union, and this law WILL NOT STOP CRIMINALS. It however WILL turn common citizens into criminals by doing what sportsmen and free citizens have always done.
