I am writing in support of ld 692 . I am a domestic violence survivor.on oct 16 2021 I was strangled by my ex partner. I think there should be more monitor ing of offenders. Not only did I have to worry about recovery I also had to deal with not knowing where she is . She was let out of a nc jail with no forwarding info. I wasn't even told .it's already a scary stressful time but to have wonder where she may be made it worse. Thank u for ur time and acknowledgeing this important issue.sincerely
