

Jeanie Barnard
Yarmouth
LD 1340

Distinguished members of the Criminal Justice and Public Safety Committee, my name is Jeanie Barnard and I live in Yarmouth. I strongly support this bill as these weapon accessories make it easier to kill and wound more people. I have several neighbors and friends who hunt and they tell me that these devices are not something they would ever use as they want to kill the animal and preserve it for food. We need to increase gun safety and preserve hunting in Maine not make it a more violent and deadly place. Thank you.
