Guns equipped with bump stocks were used in the largest and deadliest mass shooting in modern American history in 2017 in Las Vegas, in which 60 people were shot and killed and hundreds more were wounded.

Responsible gun owners report that they do not want to own or use bump stocks.

As a parent I can't feel comfortable bringing my kids into our community without fear. Too many people have access to these types of high risk weapons. My kids and our community deserve to live in a safe community without fear. Society as a whole has developed hairpin triggers emotionally, a weapon on hand brings devastating and permanent consequences to precious lives. Our families, our friends and neighbors. We have got to do better and provide laws to make us safer. Protect our freedom to live safely in our community.
