

Whitney Bradstreet  
Maine Region 10 Technical High School

Senator Daughtry, Representative Brennan and members of the Education and Cultural Affairs Committee. I am Whitney Bradstreet, I am in 12th grade, I am participating in the Pre-Apprenticeship program currently, and prior to that I took the CNA class and am now a Certified Nursing Assistant all at Region 10 Technical Highschool, submitting written testimony on behalf of the students from Region 10 Technical High School in Brunswick in support of LD 680: Reestablish the Task Force To Study the Creation of a Comprehensive Career and Technical Education System.

This bill is a good idea and will benefit many students by letting them participate in a lot more hands on learning, which studies have shown that helps students learn faster and benefit them more than any other typical school. In all programs at a Region 10 Technical High School there are real life scenarios that will help out down the road for students.

After reading this I thank you for your time and thought. Knowing Region 10 Technical High School could potentially be expanding there will more room for kids who would really love to join. Again thank you for reading this.

Sincerely,

Whitney Bradstreet
