

Cameron Ridley
Maine Region 10 Technical High School

Senator Daughtry, Representative Brennan and members of the Education and Cultural Affairs Committee. I am Cameron Ridley, I'm a senior, in Outdoor Powersports at Region 10. I am submitting a written testimony on behalf of the students from Region 10 Technical High School in Brunswick in support of LD 680: Resolve, To Reestablish the Task Force To Study the Creation of a Comprehensive Career and Technical Education System.

As a current student of Region 10, I travel between school and Region 10 many times a day. This can cause scheduling issues many times forcing me to give up a class period. Many times It's half of my lunch and half of a normal class making it very difficult to find a class. Many times it becomes a study hall, and I still have to find time to eat lunch every day. This also limits my time at Region 10, limiting my technical education and my traditional education as well.

Thank you for listening to me today and please consider putting together the task force to review this information.

Sincerely,

Cameron Ridley
