

Cheri Hooper
Shapleigh

I would like to voice my support for this bill, ensuring that every expert at the IEP table has a voice – including parents and the educators that work most closely with the student, by requiring consensus in any changes to the IEP plan. This assures that plans can't change without agreement from all team members including parent/caregiver. This change encourages compromise and lifts up the voices of those who know the student best, including now their ed techs, whom should be allowed to attend IEP meetings.
