To whom it may concern,  
I am an 11 year old girl who has recently gotten her period. I am writing in support of this bill because people need period supplies, and while some people have them, some do not. It's quite unfair, and in most public bathrooms, you have to pay to get sanitary items. Half of the population get their period, and so we should at least be able to supply items to help them.  
Thank you,
