

Deborah Milite
Freeport

Senator Rafferty, Representative Brennan and members of the Maine Committee on Education and Cultural Affairs, I am Deborah Milite of Freeport and I respectfully urge all members to oppose LD 187 An Act An Act To Require Education about African-American History and the History of Genocide, as such a curriculum, sows bitterness and division instead of inclusiveness and working together for the benefit of all Americans for which this nation stands. Thank you for your time and efforts.
