

Annique Milite
Freeport

To the Veterans and Legal Affairs Committee,

My name is Annique Milite, resident of Freeport. I urge that LD 187 Ought Not To Pass.

No to Old Racism disguised as "Anti-Racism", old prejudice being revived for new targets.

No to Communist Propaganda - not least because Communism remains, to this day, the most murderous, destructive AND genocidal ideology, bar none, period.

Frail, Fallen human beings are equally prone to good AND evil. A proper curriculum acknowledges both of these - across ALL cultures and eras - while seeking to move forward together in equality, courtesy and prosperity.

Thank you for your time,

- Annique
