

Joanne Belanger
Biddeford
LD 1632

My granddaughter Morey Belanger was a student at Baxter School for the deaf. I'm so grateful for the wonderful care she received from the devoted staff.

Many times I had to pick up Morey for appointments and was always greeted in a pleasant and professional manner.

I especially enjoyed watching the children's interaction in her classroom.

I cannot express enough the joy my family experienced when we saw Morey on stage receiving her graduation diploma.

Needless to say I'm writing to support the LD1632

Thank you.
