

Amy Chang
Cape Elizabeth
LD 1632

I am in full support of LD 1632. The Maine Educational Center for the Deaf and Hard of Hearing provides vital services for students and their families across the state of Maine. It is essential that deaf and hard of hearing students receive services to meet their unique needs, from professionals who specialize in working with students with different hearing levels. MECDHH also serves an important role in the deaf community. It is so important for students and families to come together, meet peers and other parents, and have the opportunity to learn and communicate in a variety of modalities. I have personally seen the wonderful work and positive benefits brought about by MECDHH and feel that the organization provides essential services to meet the educational, and social-emotional, cultural needs of students and families.
