

Tracy LaRue-Hanson  
Lewiston  
LD 1632

My daughter Avery was born with a progressive loss. She currently has moderate to severe hearing loss. She attends St Dom's in Lewiston Maine and receives services from MECDHH in the form of a Teacher for the Deaf and Cued Speech Therapist.

She is loved by her peers and teachers. She is my ROCK STAR!!! She loves life and loves to learn and try new things. Nothing stops her!

She has received services since 3 months old and because of the continued services she is considered one of the top readers in her 3rd grade class. For a kid who misses half of everything being said, for a kid who can't naturally hear some of the sounds in words she is reading....SHE IS THEIR TOP READER!!!!

She has made the St Doms honor roll each qtr this year!

I am beyond proud of her but, also I'm beyond grateful and thankful for all the workers at MECDHH !!! They made my daughter a success story! She truly is successful because of them!
