

John Anderson
New Gloucester
LD 51

My name is John Anderson. I request you vote to support LD51 and all other bills pertaining to restoring religious and philosophical exemptions.

My wife and I are proud Mainers, born and raised. After serving on Active Duty military and living elsewhere for 9 years, we chose to move our family back to Maine. We appreciate the fresh air and water, low crime rates, and small town feel of knowing someone who knows someone almost anywhere you go in this beautiful state.

Please support LD51. My family has had to consider leaving our home state, where we own a home, pay taxes, and truly enjoy our way of life here. Restoring religious and philosophical exemptions allows for Mainers to stay in Maine.
