Resolve, Regarding Legislative Review of Chapter 117: Rule Regarding the Duties of School Counselors and School Social Workers, a Major Substantive Rule of the Department of Education

Senator Rafferty, Representative Brennan, and members of the Joint Standing Committee on Education and Cultural Affairs:

Greetings: I am writing in opposition to LD 395 above listed resolve. Very simply it is designed to continue the separation of parent/child relationship. By design we are having an uptick in student issues with parents and their children resulting from the school and government taking control over the lives of the children.

Simply put the government has moved into an ownership relationship with the children. They have determined that parents do not understand their children and rather than work with the parents keep vital information from the parents.

This legislation will do nothing more than make the great divide between education institution and parent even greater.

I urge you to vote ought not pass to LD 394.

Thank You for your time
