

Statement Against Guns in Schools

Apr. 25, 2023

Good Morning, my name is Sheila Coyne, I am the Aunt of six and Grand-Aunt of twelve. As a former elementary school teacher, I am fundamentally opposed to allowing guns in schools. Whether it be in the form of school employees, armed security or individuals with concealed carry permits on school property. Any such legislation will only fuel the fire on gun violence.

Should funds be made available to protect our children and grandchildren on school property, the better option would be to have metal detectors and backpack checks available at controlled main entrances of schools. This combined with the presence of designated school safety officers, from local police departments, would be a good step forward to addressing the continuing challenge of protecting our children.

Thank you for your consideration.
