Please save our schools by not passing and allowing guns in schools. This will only hurt our schools and as an educator, most teachers I know do not support this AND do not want to carry a gun. I know if teachers carried guns in my school, I would consider leaving the profession. I would not feel comfortable at all and it has been proven time and time again that it is NOT more safe.

LD 52, LD 518, LD 1326, and LD 1557 should not pass. They are a danger to our schools and our community. More guns are not the answer.
