I am writing IN SUPPORT of LD 489, RESOLUTION, Proposing an Amendment to the Constitution of Maine To Establish a Right to a Healthy Environment.

A right to a healthy environment must be considered by all governments a BASIC RIGHT that should not be optional depending on the values or intent of any particular administration or state government. To enshrine this right in the Constitution of the State of Maine is entirely appropriate and essential. I strongly urge support & passage of LD 489 on behalf of all the residents of this great state, both current and future.
