Planeteers of Southern Maine

I applaud this bill's purpose to establish Law, in the form of this Pine Tree Amendment, LD489, guarding Mother Earth's resources and rights of the living organisms that call her home, including ourselves.

It picks up on both the Universal Declaration of Human Rights as well as the <https://therightsofnature.org/wp-content/uploads/pdfs/FINAL-UNIVERSAL-DECLARATION-OF-THE-RIGHTS-OF-MOTHER-EARTH-APRIL-22-2010.pdf> and as such is not only long overdue here, but critically needed.

Thanks so much for pushing this through for us all, and those to follow us.

Yours, from Kennebunk, Maine,
Andrea Roth Kimmich
