Dear Chair Brenner, Chair Tucker, and Members of the Environment and Natural Resources Committee,

I am writing to strongly support the resolution LD489 to amend the Constitution of Maine to establish a right to a healthy environment for all. As a lifelong Maine resident, I am well aware of the natural resources, clean water, and clean air our state maintains. I strongly believe that these are fundamental human rights that all citizens deserve. This amendment is key to the success of our sustainable future for the state of Maine. I urge you to vote in favor of environmental justice for all Mainers by advancing LD489!

Thank you,  
Natalie
