Dear Senator Brenner and Representative Tucker,

My name is Dara Crawford and I reside in Limington. I write on behalf of my family and community about LD 1532, and I politely request you Ought to Pass this bill. We must do all we can to mitigate the effects of climate change, and reducing emissions can not only advance our state as environment leaders of our nation but will help me manage my respiratory issues.

I thank you for taking this important step into a future in which all the people of Maine can thrive.

With gratitude,  
Mrs Dara Crawford
