LD 1498, An Act To Prevent Increased Heating Fuel, Natural Gas, Gasoline and Diesel Fuel Pricing in Maine by Prohibiting Adoption of Rules Limiting Greenhouse Gas Emissions

Environment and Natural Resources

Please keep Maine out of any agreements, legislation or compacts that make tax increases automatic. If legislators want to raise taxes, they should have the integrity to justify the vote to their constituents and not hide behind interstate deals essentially giving away our political authority to southern New England. And for cripes sake! NO MORE TAXES, Maine is already #4 nationally in taxes but near the bottom for real income. Are you trying to push us to different states? NH and Florida are looking pretty good right now not just for taxes, but also because of their COVID responses. Sheeeesh!
