Dear Chair person and members of the Environment and Natural Resources
Committee,

I am writing you today to urge your unanonymos support for a bill that would would help us all and not exempt bigger businesses from their fair share. LD 1541, an Act to Support and Improve Municipal Recycling Programs and Save Taxpayer Money is a 'no brainer.' We must start somewhere to change the tide of the massive amount of resources we squander by our single use society. Please support this bill for all our sakes.

Respectfully submitted despite the colloquialism,
