

Kathryn Cain
Thompson Lake Environmental Assoc
LD 164

I am president of the Thompson Lake Environmental Assoc.. Thompson Lake is a very valuable resource for our community. Our organization has multiple environmental programs : Courtesy Boat Inspections, Water quality and testing, Youth Conservation Corps, LakeSmart, Milfoil Mitigation, Education which are critical to preserve this natural resource. Funding is vital for us to continue these programs. We urge you to support this bill which will promote this type of funding.
