

Robert Searle
Kennebunkport
LD 1214

Dear Chair Brenner and Chair Gramlich, and distinguished members of the Joint Committee on Environment and Natural Resources,

My name is Robert Searle, and I live in Kennebunkport. I'm writing to you all today in support of LD 1214, "An Act to Clarify the Laws to Combat Perfluoroalkyl and Polyfluoroalkyl Substances Contamination". This legislation, is appropriately named as it will provide clarity to current law on the definition of "intentionally added PFAS" and "perfluoroalkyl and polyfluoroalkyl substances." Refining the definition would help ensure that businesses and companies that operate in our state are able to comply with the law, while ensuring that we have state and federally registered products available. I ask that the Committee to support LD 1214.
