Re: Testimony in Opposition of LD 2261 – An Act Designating New Motor Vehicle Emissions Rules as Major Substantive Rules

My name is Jennifer Armstrong in live and work in Kennebunkport, Maine. I am writing as a business owner, activist, and concerned citizen to urge you to vote no on LD 2261.

To move forward on our climate goals as a state, Maine needs to adopt clean car standards NOW! Undermining the year-long policy making process that citizens and legislators have painstakingly contributed to is unacceptable. Delaying this process will be detrimental to us all. Please vote no to ensure the health of Mainers today and in the years to come.

Thank you for your time and consideration of this testimony.

Respectfully,

Jennifer Armstrong
