LD 2261

I support LD 2261 “An Act Designating New Motor Vehicle Emissions Rules as Major Substantive Rules”, and it “ought to pass”.

The thought that a petition containing 150 signatures can be presented to the seven member, unelected, Maine Board of Environmental Protection for consideration with such a huge impact to Mainer’s lives is unconscionable.

This is nothing short of an out of state, agenda driven, end-run around the legislative process. Our Maine residents deserve the full measure of the legislative process in huge decisions such as these, not shortcuts undermining the legislative process.

Again, I support LD 2261 “An Act Designating New Motor Vehicle Emissions Rules as Major Substantive Rules”, and it “ought to pass”.
