RE: Testimony in Support of LD 551 – An Act To Accelerate Weatherization Effort in the State

Dear Chairs Lawrence and Berry, and members of the Energy, Utilities and Technology Committee,

I appreciate the opportunity to submit testimony in support of LD 551 - An Act To Accelerate Weatherization Effort in the State.

My name is Jennifer Armstrong. I have had the opportunity of working on volunteer, community build weatherization projects in Southern Maine. In that process, I have experienced first hand what great assistance organizations like Window Dressers can lend to my fellow neighbors in need. This bill would enable Efficiency Maine to expand beneficial programs like these in my neighborhood and others around the state. There are solutions like these that can provide much needed affordable support to folks in our state, with very little investment from the Trust.

Please consider supporting this bill and other opportunities like these in the future.

Thank you for your time and consideration of this testimony.

Respectfully,

Jennifer Armstrong
Kennebunkport, ME
