Dear Representative,

In support of Representative William Faulkingham's bill LD 101 the selectmen of the Town of Friendship support the prohibition on the offshore wind energy development projects. The Town of Friendship is primarily a fishing community and wind turbines off our coast will be disruptive to the livelihoods of our fisherman, future fisherman and Maine as a whole. We as the select board of the Town of Friendship feel strongly about supporting LD 101 for our fisherman. We are sending you this letter in hopes that you will agree to support LD 101 to conserve the State of Maine's fishing industries. Please get in touch with us if you would like to discuss this further.

Respectfully,

Town of Friendship Selectmen
