Dear Senator Lawrence, Representative Berry, Distinguished Members of the Joint Standing Committee on Energy, Utilities and Technology:

I am writing to you this morning to clarify my position on LD 101. I wrote a letter to this committee a few days earlier and as I thought about what I had written I wasn't sure that I had expressed the fact that I support LD 101 as written for all of the reasons I put forth in my other letter. I could not figure out how to go back and check what I had submitted hence this followup letter. Thank you for taking time to consider my opinion on this matter.
