

Jessica Pooley  
Waldoboro

Dear Committee Members

I'd like to take a moment of your time to express my thoughts on supporting this bill.  
I'm Realtor in the area and my neighbors in Midcoast Maine depend upon the fishing industry.

The windmill power in the waterways will be detrimental to every lobsterman along the coast.  
If the windmill is not located in their direct path, it will affect them by overcrowding in the other areas.

The men and women in this industry are in fear of losing the only work they have ever known.  
What will they do now??

Not only will this industry be affected, but other supporting industries. Restaurants, and others in the hospitality business, all tourism, and even my own industry real estate.

Please... vote in favor of this bill and save this much needed industry.

Thank you for your time
